

Taking action on seniors care and support

A community forum to advance a shared agenda

Monday December 10, 2012

Registration, coffee/snacks, networking: 9:15 - 10:00 AM

Formal program: 10:00 AM to 3:00 PM (lunch provided)

Vancouver Public Library - Central Branch (Alice Mackay Room)

Goals

- Hear from the BC Ombudsperson about her report and the Seniors' Action Plan.
- Discuss how to ensure key recommendations from the Ombudsperson's report are implemented.
- Identify important issues beyond the scope of the Ombudsperson's report (such as integrated care, access to housing & transportation, ensuring seniors & the community have a central voice in how services are created and delivered, etc).
- Strategize about how to build support for these shared priorities and concerns.

Speakers & format

BC Ombudsperson Kim Carter will give an update on her work. Additional speakers from the seniors community to be announced. Lots of time for discussion and networking!

Who should attend?

- Seniors involved in community services or advocacy
- Service providers, community organizations, people or groups who work directly with seniors
- Organizations representing service providers or seniors care workers.
- Advocates, researchers and others who would find it valuable to participate.

Travel subsidies

We want to ensure that as many people as possible from outside the Lower Mainland are able to attend. A limited number of **travel subsidies** are available - please inquire.
